WHITE COAT CEREMONY

INDIANA UNIVERSITY SCHOOL OF MEDICINE HONOR CODE

Honesty

- I will maintain the highest standards of honesty.
- If engaged in research, I will conduct these activities in an unbiased manner, report the results truthfully, and credit ideas developed and worked on by others.
- If engaged in patient care, I will be considerate and truthful, and will accurately report all historical and physician findings, test results and other pertinent information.

Integrity

- I will conduct myself professionally.
- I will take responsibility for what I say and do.
- I will recognize my own limitations and will seek help when appropriate.

Respect

- I will respect the dignity of others, treating them with civility and understanding.
- I will contribute to creating a safe and supportive atmosphere for teaching and learning.
- I will regard privacy and confidentiality as core obligations.
- I will not tolerate discrimination.

Medicine is a most difficult art to acquire. All the college can do is to teach the student principles, based on facts in science, and give him good methods of work. These simply start him in the right direction, they do not make a good practitioner-that is his own affair. To master the art requires sustained effort...but this sustained effort is so hard that many give up the struggle in despair.
